

## Call for UHC Stories

My UHC Voice, My UHC Experience, My UHC Narrative!

Amref Health Africa has established the Africa Health Agenda International Conference (AHAIC) Commission on the State of UHC in Africa to review the continent's progress towards achievement of Universal Health Coverage (UHC) targets by 2030.

With its mandate running from October 2020 through March 2021, the Commission's immediate focus is to produce the State of UHC in Africa Report, which will serve as a reliable roadmap and reference point on progress made so far, as viewed through an African lens.

The report will take a particular focus on garnering community voices and experiences to spotlight realities of UHC on the African Continent.

The AHAIC Commission is therefore calling on beneficiaries of UHC interventions, and healthcare stakeholders to submit individual stories on their experiences with UHC within their countries.

Selected articles will be featured in the State of UHC in Africa Report and showcased at the fourth edition of the Amref-sponsored AHAIC 2021 to be held from **8<sup>th</sup> to 10<sup>th</sup> March 2021**, and in our Amref and UHC social media platforms and campaigns to importantly draw policy-makers attention towards creating responsive health systems and meeting communities' needs.

### Submission Requirements:

- 400 word essay/ blog (English or French)
- Accompanying photo(s) of yourself (for credit purposes)
- Topic: **What's your experience with UHC in Africa?**
- Tip! Touch on themes of **Quality, Access and Financing**
- Contact details – **full names, emails address, social media handles and mobile number.**

### Submission Timelines:

- 19<sup>th</sup> January, **Call Launches**
- 30<sup>th</sup> January, **Call Closes**

Send your story via [AHAIC.Commission@amref.org](mailto:AHAIC.Commission@amref.org) and be part of the UHC in Africa narrative.
